## PROFILE SUMMARY

**Full Stack Web Developer** and **MERN stack** specialist with expertise in responsive UI design (**Frontend**) and robust **RESTful APIs** (**Backend**). Proven track record integrating third-party services, gathering requirements, conducting user training, and delivering scalable web applications that enhance user experience and drive business value.

## EXPERIENCE

### INNOMISE TECHNOLOGIES PVT LTD. TECHNICAL SUPPORT ENGINEER

- March 2024 – Present — Visakhapatnam Port Authority
- Conducted comprehensive end-user training sessions for 300+ staff across multiple departments, resulting in a 40% increase in application adoption and improved productivity.
  - Gathered and documented technical requirements from 5+ departments, creating detailed specifications to streamline feature development and deployment cycles.
  - Developed and maintained technical documentation and Standard Operating Procedures (SOPs) for the **e-MB Software** platform, contributing to a 30% reduction in support tickets and improved system reliability.

### AXIS BANK (VIA QUESS CORP) JUNIOR RELATIONSHIP OFFICER

- Jan 2022 – Mar 2023 — Visakhapatnam, A.P.
- Managed a portfolio of 20+ high-value clients, implementing strategic relationship management techniques that boosted client retention by 25%.
  - Exceeded sales targets by 150%, generating INR 10+ crore in business volume and earning the prestigious **Super Star Award** for Q3 2022.
  - Optimized customer inquiry workflow process, reducing response time by 40% and improving customer satisfaction scores from 3.7 to 4.5/5.

## PROJECTS

### VAULT VISTA: EXPENSE TRACKER REACT.JS — NODE.JS — FIREBASE

**GitHub:** [github.com/Manohar7730/Expense\\_Tracker-Vault-Vista](https://github.com/Manohar7730/Expense_Tracker-Vault-Vista)  
**Live:** [vaultvista.netlify.app](https://vaultvista.netlify.app)

- Architected a responsive expense tracking application with real-time transaction history and balance visualization.
- Implemented **Context API** for state management, **Firebase Firestore** for data persistence.
- Built secure user authentication supporting multi-user environments.

### TASK MANAGEMENT SYSTEM REACT.JS — EXPRESS.JS — MONGODB — REST API

**GitHub:** [github.com/Manohar7730/Task-Management](https://github.com/Manohar7730/Task-Management)  
**Live:** [task-management-api-mo3b.onrender.com](https://task-management-api-mo3b.onrender.com)

- Developed a full-stack task management application with status tracking.
- Implemented **Context API** for state management, **MongoDB** for data storage.
- Designed **RESTful API** with CRUD operations, error handling, and filtering.

### E-COMMERCE PLATFORM REACT.JS — EXPRESS.JS — MONGODB — REST API

**GitHub:** [github.com/Manohar7730/E-Commerce\\_api](https://github.com/Manohar7730/E-Commerce_api)  
**Live:** [e-commerce-oy6q.onrender.com](https://e-commerce-oy6q.onrender.com)

- Designed a scalable e-commerce platform with catalog management and order processing.
- Built responsive UI with **React.js**, featuring lazy loading and mobile-first design.
- Integrated **REST API** for data handling, deployed on **Render** with CI/CD pipeline.

## ACHIEVEMENTS

- Received **Super Star Award** at Axis Bank (Q3 2022) for exceptional performance, generating INR 10+ crore.
- Successfully led implementation of **e-MB Software** at Visakhapatnam Port Authority, training 300+ users.
- Designed and deployed three full-stack web applications demonstrating end-to-end development expertise.

## TECHNICAL SKILLS
